

Serious Injury or Illness of a Current Servicemember Certification

SECTION 1: TO BE COMPLETED BY EMPLOYEE

INSTRUCTIONS to the EMPLOYEE: Please complete Section 1 before having Section 2 completed. The FMLA permits an employer to require that you submit a timely, complete, and sufficient medical certification to support a request for an absence that may qualify as FMLA leave (Military Caregiver Absence) due to a serious injury or illness of a servicemember. Your response is required to obtain or retain the benefit of FMLA and Military Caregiver Absence protections. Failure to provide a complete and sufficient medical certification may result in a denial of your FMLA and Military Caregiver Absence request. Section 2 of this form must be completed by the treating health care provider; it is inappropriate for it to be completed by anyone other than that provider. Note: If this is a request for leave for yourself or a family member with a serious health condition, you cannot use this form. Please obtain either: *Employee Serious Health Condition Certification* OR *Family Member Serious Health Condition Certification* from your human resources office.

SECTION 2: TO BE COMPLETED BY HEALTH CARE PROVIDER:

INSTRUCTIONS to the HEALTH CARE PROVIDER: The health care provider must be a United States Department of Defense Health Care Provider or a Health Care Provider who is either a US Department of Veterans Affairs health care provider, a Department of Defense Tricare network authorized private health care provider, a Department of Defense non-network Tricare authorized private health care provider or a health care provider as defined in the FMLA. The employee listed above has requested leave under the FMLA to care for a family member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness. For purposes of FMLA leave, a serious injury or illness is one that was incurred in the line of duty or an injury or illness that existed before the beginning of the servicemember's active duty and was aggravated by service in the line of duty on active duty that may render a member of the Armed Forces (regular or reserve) medically unfit to perform the duties of his/her office, grade, rank, or rating.

A complete and sufficient certification to support a request for FMLA leave due to a servicemember's serious injury or illness includes written documentation confirming that the servicemember's injury or illness was incurred or aggravated in the line of duty on active duty and that the servicemember is undergoing treatment for such injury or illness by a health care provider listed above. Answer, fully and completely, all applicable

parts. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based on your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as lifetime, unknown, or indeterminate may not be sufficient to determine FMLA coverage. Limit your responses to the condition for which the employee is seeking leave. If you are unable to make certain of the military-related determinations contained below, you are permitted to rely upon determinations from an authorized Department of Defense representative (such as a recovery care coordinator). Please ensure the Section 1 above has been completed before completing this section. Please be sure to sign the form on the last page.
