

Selections and transfers for independent agencies who use SAP

Contact List

When an agency determines that they will be making a selection from an independent agency who uses SAP (Attorney General, Auditor General, PA Gaming Control Board, and PUC), it is imperative that the gaining agency HR office contact the independent agency HR office at the time of final offer to arrange for the transfer and confirm the effective date of the change. This is the same process as would be done for a transfer between two agencies under the Governor's jurisdiction.

The contact information for independent agencies that use SAP is outlined below:
